

## VULCAN ADVOCATE

VOL. V, No. 46

VULCAN ADVOCATE, June 22, 1918

PRICE \$1.50 PER YEAR

LADIES FORM  
BASEBALL CLUB

## "EMERALDS" and "GARNETS" Are The Names Of The Teams

Vulcan is going to have all kinds of baseball this year. Besides the league team and the Commercial league teams, the ladies are bursting into the game. The following are the teams:

**Emeralds:**—Mrs. J. W. Morton, captain; Verlie McQueen, Bessie Thomas, Dora Crosby, Clarice Mason, Muriel Glidden, Lavina Wilson, Olga Strommore, Helen Farrand and E. M. Yeo.

**Garnets:**—Nellie Morris, captain; Olive Hollister, Mrs. Beardsley, Edna Bickford, Mae Jarrett, Mrs. Klebe, Mary Clappison, Edna Smith, Zella Leverington, Oma Myers, E. P. Yeo.

The schedule for games will be arranged later.

VULCAN BALL TEAM  
TRIMS STAVELY 8-0

Vulcan's non-defeatable ball team journeyed to Stavely last Thursday evening and trimmed the Stavely boys to the tune of 8-0. The game itself was as good as could be expected of amateur ball teams and both teams worked well. Haynes was on the mound for the Stavely boys and held the boys down to a few hits but when hits there were turned out to be runs. Brown was in his usual form and we may say that this boy is right there with the ball and glove.

## PUPILS RECITAL AT CHAMPION

On Monday evening the Champion pupils of Mrs. L. Simons gave a recital in Campbell's hall. The program was heartily enjoyed by all who attended. The contributors to the program acquitted themselves admirably and reflect a great deal of credit on Mrs. Simons, who explained in a few brief remarks that none of them had received more than two terms training. The songs which were given were of a high order and it is gratifying to note that a high musical plane is set for attainment. Vocal selections were given by Mrs. Chamberlin, Miss Smith, Mrs. St. Peter, Mrs. Starr, Mrs. Roberts, and piano solos by Miss Hoadley, Miss Peacock and Miss Travis.

I.O.O.F. LODGE HOLDS  
MEMORIAL SERVICE

Despite the excessive warm weather a very good sized congregation gathered at the Memorial Service of the I.O.O.F. Lodge of Oddfellows at the Vulcan church on Sunday morning. There was a specially printed service with appropriate parts, in which the Noble Grand, George Pettman and Chaplain E. G. McPherson participated. W. Bowie, Secretary, announced that the deceased brother borne specially in mind at this service was Bro. H. J. Mould. The members of the lodge marched from the hall to the church under Marshall E. M. Clark. Rev. Schrag preached from the text "I will not leave you comfortless." The sermon dealt with the fundamental questions of the war. In the course of his remarks, he paid tribute to the sacrifice, both at home and at the front, that was demanded by the distress of the nation. The lodge was complimented upon its readiness to watch over the sick and to care for the fatherless, precepts that were in accord with those of the Savior of mankind.

THOUSANDS NOW  
UNDER LICENSE

Up to date something like 25,000 licenses have been issued to dealers in foodstuffs by the Canadian Food Board. Another 100,000 have still to go out. These include wholesale and retail grocers, wholesale fish dealers, bakers, wholesale produce dealers, fruit and vegetable dealers, millers and cereal manufacturers. In addition to these are some 17,000 public eating places to be under license by July 1st.

## LOCAL ITEMS

Miss Helen Farrand and Miss Mary Clappison spent the weekend in Calgary.

Pte. Mervin Kehr returned from Calgary Sunday night after reporting for duty. He hopes to be successful in getting into the Flying Corps.

Miss N. Morris was a visitor in Calgary on Sunday last.

Don't miss the big mat sale at Reeves on Saturday.

Big values in Mats at Reeves on Saturday.

If you want to save money in Mats attend the sale at Reeves on Saturday.

As to whether it pays to raise cattle in this district is shown by the sale of a three-year old steer to the 4 X Market last week. The animal had fed on the range only and netted its owner \$172.95.

Born—To Mr. and Mrs. H. A. Henderson, Reid Hill, on Friday, June 7th, a son.

Born—To Mr. and Mrs. R. J. Wells on Saturday, June 8th, a daughter.

On Monday, June 24th, Mr. C. C. Rebbe, auctioneer, will offer at public auction, the farm stock, implements and household furniture of Mr. T. H. Bailey on the S. W. 18-17-24. For particulars look up the advertisement in another column of this issue.

Mr. and Mrs. E. B. Coleleugh left last week for Coleleugh, Manitoba, where they will visit for about a month.

Lieut. and Mrs. Stowell were in town on Friday visiting friends. While in town Lieut. Stowell received a wire to proceed to Toronto at once. He expects to go overseas very shortly.

Galbraith Bros. have recently shipped the Dominion Government thorough bred stallion, Vance Guard, to the provincial authorities of the Department of Agriculture, Edmonton.

On Tuesday evening last a dance was given at the Harvey school as a send off to five boys who were going to Calgary to join up. The names of the boys are: H. Dowling, H. Smith, F. Forester, I. Larson and F. Odell.

The casualty lists at the beginning of the week included the name of G. C. Tompers among the wounded.

The Champion village councillors are having cement crossings laid in the business parts of the town.

The baseball club is holding a dance in the Opera house this evening. These dances are going to be held every two weeks.

A large crowd was at the Opera house on Monday evening to see the film, "The Kaiser; the Beast of Berlin."

The marriage of Miss Belle Peace and Mr. H. Embree, will take place at the home of Mr. and Mrs. H. W. Grant, Vulcan on Saturday, June 15, at half past four. The bride and bridegroom will leave for Calgary the same evening and return to Vulcan during the following week.

Canada's net debt is now over one billion dollars.

The council are proceeding with the laying of sidewalks in the residential parts of the town.

Taggers of the Red Cross were busy at the ball game today, and collected in the neighborhood of \$100.00.

## REID HILL WOMEN'S INSTITUTE

The Reid Hill branch of the Alberta Women's Institute met at the home of Mrs. John Marshall, on Wednesday, June 5th.

The ladies decided to continue to institute for social purpose and to give all collections to the Reid Hill Red Cross Society.

Mrs. Chappell moved a vote of thanks for help rendered by the institute at the last two barn-dances.

The subject of our annual picnic came up and was voted down for this year.

Mrs. Hawkins gave a splendid paper on the "Benefits of Consolidated Schools" which was enjoyed by all.

The next meeting will be held at Mrs. Peter McIntyre's on Wednesday, July 2nd.

These men have been selected by the Government to take charge of the big shipbuilding enterprise at Halifax, N. S.; at the left is J. W. Norcross; in the centre, James Carruthers, and at the right T. M. Wolvin. The first two are vice-president and president of the Canada steamship lines and the latter is president of the Montreal Transportation Co.

COUNCIL HAS A  
BUSY SESSION

## Pass Pound By-Law and Introduce Curfew By-Law for first time.

The regular monthly meeting of the council was held on Thursday evening, all the councillors being present.

The first business on the table was the passing of the pound bylaw, a synopsis of which is:

"No animal, hog or poultry, will be allowed to run at large within the limits of the village, excepting milk cows whose product is used for consumption in the village. These will be allowed to run between the hours of 7 a.m. and 7 p.m. A copy of the bylaw may be seen at the office of the secretary-treasurer."

The council decided that anyone wishing to keep pigs on the Fair grounds may do so. The pens to be erected are: 1 pig 400 square feet; 2 pigs 600 square feet; 3 pigs 800 square feet; 4 pigs 1,000 square feet. The curfew bylaw (No. 27) was read for the first time. It provides that all children under the age of 16 shall be in their homes at 9:30 during the months of April, May, June, July and August, and at 7:30 during January, February, March, September, October, November and December; provided that the children are not in proper guardianship.

The following accounts were ordered paid:

Dr. Boddy \$30.00; W. E. Butchart \$7.75; Cope Drug Co. \$11.00; R. Ferguson \$17.25; Irving's Ltd. \$120.25; and \$24.25; F. E. Wilson \$10.00; Vulcan Co-Operative Co. \$726.86; J. Vincent \$16.00; G. Pettman \$2.45; W. Ebey \$25.40; J. Wolfe \$41.50.

## BLACKIE RED CROSS SOCIETY

The following is the April report of the Blackie district Red Cross branch: Balance carried over from Mch. 769.84

Donations, Mrs. Lynch . . . . .5.00  
Mrs. Webb, donated (pig money) . . . . .60.00  
Donation from W.F.W.A. . . . .15.10  
Donation from Gladys . . . . .140.60  
Fees . . . . .4.75  
Whist drives . . . . .22.25  
Donations and receipts from auction sale . . . . .1296.20

Receipts . . . . .2313.74  
Expenditure—Order of material, 350.00; cleaning room \$2.00; stamps 50c.; express 75c.; total expenditure \$353.25; balance on hand \$1960.49.

May Report:—

Balance from April . . . . .1617.89  
Donation from dance, May 14, 94.80  
Donations from dance, May 24, 42.50  
Donation, Mr. J. G. Brophy . . . . .5.00  
Fees . . . . .5.50  
Receipts . . . . .1819.69  
adv. \$2.00; stamps 25c.; total expenditure 4.85; balance on hand . . . . .1814.84  
Margaret Hatcher, treas.

Sentences of life imprisonment were imposed by a court martial on June 10th, upon 45 conscientious objectors, who refused to wear army uniforms. The men will be sent to Fort Leavenworth for imprisonment where they will no doubt wear the convicts uniform.

THE ADVOCATE IS  
SENT TO LOCAL BOYS

Ever since the boys from Vulcan commenced to go overseas the Advocate has been sent to them free of charge. It was one way of letting them have the home news and also reminding them that they were not forgotten.

During the past few weeks a large number of boys have been called up to join the colors. If their names and addresses are given in to the Advocate office, copies of the paper will be sent every week.

## GIRL AUTOISTS ADVENTURE

Champion had a mild excitement last week end, when three young runaway girl autoists ran into the arms of the police.

It appears that the adventurers hired a car from Webber's garage, Calgary, for an hour. Fired with the spirit of adventure they steered the auto toward the boundary line, but three miles out of Champion the lubricating oil gave out. The girls set out and walked to Champion and incidentally ran into the arms of the law. They were taken in charge by Postmaster Alcock, and Chief Cuddy of Calgary, was notified. The father of one of the young girls went at once from Calgary and took the young ladies home. The name "Webber" was painted on one side of the car but the adventurers had painted it over in order to avoid detection.

## KITTO—MITCHELL

The marriage of two popular young Vulcan people was duly solemnized at the manse on Saturday afternoon by the Rev. A. R. Schrag, when Mr. A. R. Kitto was united to Mary E. Mitchell. The young couple will take up their residence about five miles west of the village.

VULCAN BEAT THE  
CALGARY HUSTLERS 3-2

Calgary Hustlers baseball team paid Vulcan a visit today and helped to stage the best game of the season here so far. Scoring was not fast and furious, both pitchers holding their opponents down pretty well. Vulcan was the first to draw a score. Godfrey in the first inning hitting what should only have been a one bagger, but the fielder missed the ball and away it rolled, allowing the batsman to get home. After that quiet prevailed until the fourth when two more men came home for Vulcan. The visitors stuck to their game in good style and registered one in the eighth and one in the ninth. Brown pitched a splendid game for Vulcan, Calgary making only 6 hits, Vulcan getting 10 hits off Mitchell who also pitched good ball. Both of the visitors' runs were made on errors. Grey and Buckley made three good double plays for the home side. The final score was three to two in favor of Vulcan.

The return game at Calgary will very likely take place on Wednesday June 26th. Arrangements have been made for a star Calgary team to play at Vulcan on July 1st.

MORE RAIN IS NEEDED  
FOR GRAIN CROPS

## United Grain Growers Reports Thus Far are Not Too Optimistic

Reports which have reached the United Grain Growers in Calgary indicate that with the exception of the country south of High River, especially around Nanton, grain is pretty badly needed in Alberta. On the Foremost line, at Etzikom, Memiscam and Mannyberries, it is feared that in many instances the wheat which germinated properly and made a certain amount of growth has been killed by the frost, and the following dry weather. It is possible that a considerable acreage will still be resown with oats, and thus will certainly be done should there be a rainfall. On the Goose Lake line while crops are still doing fairly well, rain would be a Godsend. On the Wefaskiwin branch east of Camrose, the country is pretty dry, and the same conditions prevail on the Lacombe branch east of Stettler. On the main line of the G. T. P. rain is also urgently needed.

Generally speaking a line drawn from about Red Deer to the boundary and running 50 to 60 miles east of the Calgary and Edmonton line of the C.P.R. marks the limit of anything like sufficient rainfall this spring.

The following crop report was issued Saturday by the provincial government:

During the past week warmer weather has been prevalent over the province with light local showers. The growth generally is coming along fairly fast. In most parts of the province there is sufficient moisture for immediate needs; a small area, however, is still suffering from lack of moisture. Practically the whole province could stand more rain. Crops which were injured early from frost are recovering very rapidly, due to the recent rains and warm weather. The later sown grain is making a particularly good growth.

Edmonton—Oats and barley coming up nicely, wheat and other grains showing good response to warm weather of the last few days. Plenty of moisture for immediate needs. Warm weather would further assist growth.

Vermillion—Having good growing weather, the crops are looking good, but need more rain. Ten degrees of frost on the night of the first. The breaking is going slowly because it is too dry. Stock is looking good, especially in the north country.

Youngstown—Crops growing well last few days owing to warm weather. Light local showers Sunday and Wednesday. Live stock doing excellent in all parts, as pasture improved. Rain needed everywhere.

Lethbridge—Some good rains during week. Crops late but good. Some crops cut by winds. Eastern part of district dry.

## U.F.A. DRIVE COMMENCE

The big U. F. A. membership drive takes place in the Northern part of the province from June 17th to 22nd, and the South from June 24th to 29th.

Meetings have not been arranged at points at which Chautauqua meetings are being held this summer, as President H. W. Wood will address some of the gatherings at Chautauqua. At other points where Mr. Wood will not speak, Vice-President Baker or some other U. F. A. speaker will address meetings. It has not been possible for the drive to cover all points where there are U. F. A. locals, but eighty meetings spread over as great an area as possible, have been arranged.

The following are centres around this district where U. F. A. meetings will be held: Champion, June 25th; Blackie, June 26th; Parkland, June 29th. Speakers: S. S. Sears, E. S. McRory, Mrs. Sears, Lomond, June 25th, speakers P. Baker, S. S. Dunham, R. A. Parker, Mrs. G. E. George.

Mrs. T. M. Davis and Gwendolyn Davis left on Saturday evening for Emmett, Idaho, where Mrs. Davis will make her home. Miss Davis will be away for two months.

2,600,000 ACRES IN-  
CREASE OVER PRAIRIE

## Wheat Therefrom Sufficient to Feed the British Army Says Food Board

The shortage of flour and wheat products is so serious between now and next harvest that every effort must be made by this continent to tide it over. Farmers by producing wheat are helping to win the war. By saving flour they and everybody else in the country may also help towards the same end. In this connection it is of interest to note that in the West it is estimated that the three Prairie Provinces this spring have sown an increase of about 2,600,000 acres of which 2,000,000 acres are of wheat. This is the report of Mr. J. D. McGregor, Director of Labor for the Canada Food Board, with offices in Winnipeg. It is based upon estimates received from a large number of points throughout the three provinces, as well as upon the personal observation of Mr. McGregor himself. If the average crop from this increased acreage amounts to only ten bushels of wheat per acre, which is a very low estimate indeed, the average being more like twenty bushels, it would mean 20,000,000 bushels of wheat. The average consumption of wheat in the wheat consuming countries the world over runs about five bushels per capita per year, so that the increased crop which Canada expects to produce this summer would feed 4,000,000 people for twelve months. At a most conservative calculation, that is to say it would feed the bulk of the British army. The probabilities are that this increase will be doubled that amount and it is to be hoped such indeed will be the case, as there is need of every bushel.

Canadian farmers are responding magnificently to the call for increased production, despite the many other calls that have been heard and answered. The world is at the greatest crisis in its history and the farmers of Canada have realized the fact and shown the true Canadian spirit. It remains now for the people of the towns and cities to organize and sacrifice personal interests in a wholehearted campaign to save these crops, which have been so successfully planted despite difficulties, so that the harvest will be as great in proportion as the acreage sown. This summer and autumn will mean a long pull and a strong pull for all hands.

Miss E. McClinton was in Calgary for the weekend.

Mr. and Mrs. W. E. Butchart and Mr. and Mrs. Gillespie motored to Calgary on Monday.

Mrs. Robbie was a visitor to Banff last week.

Mrs. A. G. Spooner and son have gone to Calgary for a few weeks on a visit to Mrs. Smith's, Mrs. Spooner's mother.

Mrs. Naismith was a visitor to Calgary for the weekend.

Mrs. C. E. Henry and sister leave on Thursday for six weeks' holiday at Banff.

### THE LUXURY OF FRUIT

The recent order-in-council barring the importation of certain luxuries into Canada includes fruits of a certain kind. Whatever conclusion the good people of eastern Canada may arrive at as a result of a perusal of the order, the westerner is jolted up against the proposition that that which he has hitherto considered a sheer necessity is boosted into luxury, to say nothing of the high probabilities of its becoming a rarity. Fruit to the westerner was always one of the redeeming features of his life even if he did have to pay through the nose for it owing to the tactics of the wholesale handler and the freight charges. He bought it as a necessity for himself and his family. In the summer time home canning was one of the features of almost every home. It was expensive if you view it from the standpoint of cost alone, but the satisfaction received repaid for the initial cost of outlay and labour.

The new order-in-council bids fair to do away with all this. The restriction of fruit from outside the country is going to mean a hardship to the dweller on the prairie, that is an unnecessary hardship. British Columbia cannot begin to supply the demand of herself and her neighbours, and while the cities may receive a share, the prairie towns and villages are going to be right up against it. We came across an instance only the other day, immediately after the order was in, and this is a case where sheer nerve came into play. One of our local dealers was offered strawberries in quantities at \$7.50 by a traveller, but consented to buy at \$7.40. The traveller phoned up his house, and received the reply that he was not to sell at less than \$8.50. The meaning of that is clear to all, but it is just an example of how the fruit business has been handled in the past and how it is going to be handled in the future. The country dweller is going to receive little or no consideration now that the demand will barely meet the city orders. Another point of interest is that while we are implored to eat the perishable foodstuff in order to relieve other kinds for shipment overseas,

our supply of it is nipped in the bud. If this embargo would make any difference to trade balance between us and the United States there might be some excuse for it, but as things are we fail to see just where the good of it all will be found.

### THE CHARGES AGAINST THE Y. M. C. A.

The Ontario Great War Veterans Association recently went on record as complaining terribly against the administration of the Y. M. C. A. Among other charges it was stated that the Y.M.C.A. sold goods to the soldiers at exorbitant prices thereby reducing the organization to a highly commercialized concern when it was supposed to be of an entirely different nature.

As to how much truth there is to this, cannot be stated, but the matter should not be allowed to rest there. The recent campaign for funds was liberally supported by the farmers of this and surrounding communities who gave their money feeling that by doing so they were helping the soldiers at the front to many benefits and comforts that would otherwise be denied to them. And in this belief they were supported by the Y.M.C.A. Campaign literature. Men who have given their money to an object when the demands upon them are frequent are going to want to know whether there is any truth in what the Ontario G.W. V.A. says, and it's due subscribers over the country that some explanation be given.

### WHERE DOES MR. WOOD STAND?

On reading the report of Mr. H. W. Wood's speech before members of the United Farmers Association of Ontario, one is left considerably in doubt as to where he stands in regard to the question of conscription of farmers between the ages of 19 and 22. At the time that the Alberta Farmers sent their telegram it appeared that Mr. Wood was agreeable to what was stated in the message. When pressed for an explanation at Toronto, he stated that he had endorsed the resolution but did not expect that it would be exactly in the form that it appeared. He further said: "I don't believe we can take violent opposition to the government, but the government must accept the responsibility of the arrangement by so doing," which can easily be interpreted as a sharp criticism of the government in their conscription move.

To the enquirer it must appear that Mr. Wood gave no answer to the question one way or the other. He appears to be sitting on the fence. The attitude is so unlike Mr. Wood that one cannot but remark upon it. Does he back up the U.F.A. in the step they have taken or does he incline to the stand taken by the Ontario farmers?

### MR. LLOYD GEORGE'S FIGHTING SPIRIT

"That he is a public danger, as his government is a public scandal, and that for the sake of England and Ireland, of the war and peace, he should be got rid of at the earliest moment, is the prevailing sentiment, uttered or unexpressed among men of good sense and good feelings who love their country and their cause, and see them in imminent risk of perdition at his hands.—His whole system of government is an offense." Such is a criticism of Mr. Lloyd George, premier of Great Britain, taken from an outstanding English weekly. In its violence of attack on the premier, it appears bitter to the point of hatred.

The sentiment, nevertheless, provokes speculation as to what Lloyd George has done and is doing for Great Britain and whether any other man could handle the situation with any greater measure of success. Mr. Lloyd George is one whose position has brought him face to face with the most violent opposition, but he has on every occasion overcome it with a measure of success which has left his opponents without the wherewithal to retaliate. The vigorous manner with which he has accepted battle at the call of his opponents and left them defeated on every count is eloquent of the fighting spirit within him. On only one move, that of conscription and Home Rule for Ireland, has he been forced by circumstances to forego his policy, but he has foregone only where other men would have been submerged. In other directions there have been instances where he has made mistakes; the lot of all men in power; but he has overcome them in such a manner as to leave his opposition gasping for breath. Mr. Lloyd George may not be the ideal type of statesman from some viewpoint and comparison between him and other great political leaders of Great Britain is in many respects difficult, if impossible, but it is certain that of the men today he is the only one who could hold securely the office of Premier and discharge it with efficiency. After his years of office as head of affairs, he holds the confidence of the people and it is in vain that one goes over the list of his contemporaries in search for a substitute for him.

Hamilton Methodist Conference favors \$1,200 as a minimum salary for ministers. For the rest we suppose they will have to depend on tips.

The Federal Reserve Bank of New York has purchased a three million dollar site for an after-war home. Another instance of posterity being provided for.

New York is in the throes of the severest beer shortage in history. We suggest this territory as a promising sphere for some of our local bootlegging gentry.

Chicago is considering closing all cabarets at 1 a. m. for the duration of the war. Which goes to show just what havoc on civilization war does bring about.

### ARTIFICIAL BROODING

The chicks must inherit a strong constitution. The incubator may have something to do with the chances of life of the chicks. If the temperature has been extremely high or low bad results may follow.

Conditions of the brooder must be right. It should be from 95 to 100 degrees beneath the hover when the chicks are put in, perfectly clear and disinfected. Many brooders are death traps in that they have so many hot corners into which the chicks crowd. Many are so inconveniently made that it is next to impossible to thoroughly clean them, and there seems to be very little arrangement made for proper ventilation.

The feeding of the chicks is important. More chicks are killed from too much feeding during the first two weeks than from too little feeding. Don't feed the chicks for at least 24 hours after they are put in the brooder. Dry feed will give less trouble than wet mash.

Many of the troubles that are experienced during the first few days of the lives of the chicks are not the result of brooding and feeding, but of the breeding stock. This question cannot be emphasized too much. The poultryman who thinks that his brooding troubles start when his chicks come out of the incubator has not himself started in the right place. He must go back, not only to the parent stock, but back several generations, and the further back he can trace healthy ancestors the better chances there are for the chicks living. If the chicks inherit a healthy constitution the battle is more than half won, especially if the germs are strong.

With millions of dollars worth of Canadian cheese contracted for by the British Government and an embargo placed on cheese from over the border, the price isn't going to come down very much.

Owing to the fact that there are some very clever forgeries of \$100 bills in circulation the entire staff has been instructed to inspect each one carefully when they are offered in payment of arrears of subscription by some of our wealthy farmer friends.

### Dr. A. T. SPANKIE

## NATURAL BROODING

Brooding with the hen need not be troublesome if a limited number of chicks are required, and proper appliances are provided. When large quantities are to be raised, however, artificial means must be employed.

In taking the hens off the nest the aim is to give about 25 chicks to each hen. If more than one hen comes off at a time and there is a laying colony house available, four hens and 100 chicks can be put in one of these houses. A little opening is left for the chicks to run out of these houses. A little opening is left for the chicks to run out when large enough and there is ample room for them to scratch on the floor on wet days. If the hens are all put in the house at the same time, there does not appear to be any serious trouble from fighting.

As soon as the hens can be removed they are put back into the laying house and the chicks are given the house for the summer. The A shape house is also much used for the same purpose, except that but two hens and fifty chicks are put in one of these.

Small coops for individual broods are also used. These are made without bottoms and each coop is moved the width of itself each day.

## PATRONS OF VULCAN FAIR

The directors of the Vulcan Agricultural Society are out on a canvass for donations to the prize list. They are meeting with good acceptance everywhere. Many are offering handsome subscriptions to the prize list and if the readiness with which its benefactors are willing to encourage exhibits, the fair ought to be a success. If the exhibitors meet the opportunity to show forth what this district can do.

## MITCHELL &amp; CO. HAVE OPENED OFFICES IN LETHBRIDGE

Messrs. Arthur Mitchell & Co., real estate agents of this town, have opened an office at Lethbridge. The firm has secured temporary offices in the Conybeare Block, but on July 1st they will occupy permanent offices in the Consumers' Hardware Block.

Mr. J. A. Heywood, who was at Vulcan for some time, has charge of the Lethbridge office, and his place here is taken by Mr. E. P. Larkin, of North Dakota. Mr. Larkin has been for some time with the firm of Filteau and Hewer of Calgary. He arrived here last week. Mr. Mitchell will make Vulcan his headquarters and will work between the two offices.

The reason for the firm making this move is on account of their growing business. They have a large American connection and have had to enlarge their field of action.

## AN INCREASE ACREAGE OF 2,600,000 THIS YEAR

Mr. J. D. McGregor, Director of Labour, Canada Food Board, estimates that the three Prairie Provinces for Canada will have sown an increase of 2,600,000 acres in wheat, oats and barley.

The Breeders Gazette of recent date records that seventy-four head of Hereford cows and bulls, the property of T. McCray, Indiana, sold at an average of \$4,722, twenty bulls bringing in \$80,575, and 55 females selling for \$119,600, making a total of \$204,175. Every animal bore some relation to that great bull, Perfection Fairfax, and the bulls were either his sons or grandsons.

Now for a good rainfall. Three inches will do the trick.

## NEWS ODDS AND ENDS

Okotoks and Granum will not hold fairs this year.

No German civilian must have in his possession more than one suit of clothes.

"Bumper Crops" is becoming a favorite headline. If only there is a bumper labor supply, all will be well.

A part of the Nanton townsite was sold by the C. and E. Company not long ago. It will be plowed up and put under crop.

Smoked glasses were the keen demand on Saturday and many viewed the partial eclipse of the sun at the appointed hour.

An Ontario farmer goes to prison for 30 months for hoarding food. After all he has made sure of having enough to eat for that time.

Though the cost of living is high, there are few people who won't admit that it is worth it. A new disease has been discovered which is brought on by eating home-canned vegetables and fruits. We wonder if the canning companies discovered it.

CANADA

## PUBLIC NOTICE

### DOCUMENTS TO BE CARRIED

by every male person who is not on active service in any of His Majesty's Naval or Military Forces, or in the Naval or Military Forces of any of His Majesty's Allies, and who apparently may be, or is reasonably suspected to be, within the description of **Class One** under the Military Service Act, 1917, who for any reason may have claimed that he is not within **Class One** under the Act.

NOTICE is hereby given that, under the provisions of an Order in Council (P. C. 1013), of the 20th April, 1918, upon and after the 1st day of June, 1918, every male person who is not on active service in any of His Majesty's Naval or Military Forces, or in the Naval or Military Forces of His Majesty's Allies, and who apparently may be, or is reasonably suspected to be, within the description of **Class One** under the Military Service Act, 1917, by whom or on whose behalf, it is at any time affirmed, claimed or alleged that he is not, whether by reason of age, status, nationality, exception, or otherwise, within **Class One** under the Military Service Act, 1917, as defined for the time being or that, although within the said **Class**, he is exempted from or not liable to military service; shall have with him upon his person at all times or in or upon any building or premises where he at any time is,

## AGE

If it be claimed that he is not within the class by reason of age, an official certificate of the date of his birth, or a certificate of his age signed by two reputable citizens residing in the community in which he lives and having knowledge of the fact; or

## MARRIAGE

If it be claimed that he is not within the Class by reason of marriage, a certificate, either official or signed by two reputable citizens residing in the community in which he lives and having knowledge of the facts, certifying to his marriage and that his wife is living; or

## NATIONALITY

If it be claimed that he is not within the Class by reason of his nationality, a certificate of his nationality signed by a Consul or Vice-Consul of the foreign State or Country to which he claims his allegiance is due; or a passport issued by the Government of that Country establishing his nationality; or

## ACTIVE SERVICE

If it be claimed that he is exempted as a member of any of His Majesty's Forces or as having since the 4th August, 1914, served in the Military or Naval Forces of Great Britain or her Allies in any theatre of actual war and has been honourably discharged therefrom, official documents or an official certificate evidencing the fact; or

## CLERGY

If it be claimed that he is exempted as a member of the clergy, or of any recognized order of an exclusively religious character, or is a minister of a religious denomination existing in Canada on 29th August, 1917, or as being a

member of any other society or body, a certificate of the fact signed by an office-holder competent so to certify under the regulations of the church, order or denomination, society or body, to which he belongs; or

## EXEMPTION

If it be claimed that he is exempted from or not liable to military service by reason of an exemption granted or claimed or application pending under the Military Service Act, 1917, or the regulations thereunder, his exemption papers, or a certificate of the Registrar or Deputy Registrar of the district to which he belongs evidencing the fact; or

## OTHER CLASS

If it be claimed that he is not within the Class, or that he is exempted, not liable or exempted upon any other ground, a certificate of two reputable citizens residing in the community where he lives having knowledge of the fact upon which the claim is founded and certifying thereto;

## FAILURE TO CARRY REQUISITE EVIDENCE

If upon or after the 1st day of June, 1918, any such male person be found without the requisite evidence or certificate upon his person or in or upon the building or premises in which he is, he shall thereupon be presumed to be a person at the time liable for military service and to be a deserter or defaulter without leave;

## PENALTY

And he shall also be liable upon summary conviction to a fine not exceeding \$50 or to imprisonment for a period not exceeding one month, or to both such fine and imprisonment; and moreover, any such person may forthwith be taken into military custody and may be there detained and required to perform military duty in the Canadian Expeditionary Force so long as his services shall be required, unless or until the fact be established to the satisfaction of competent authority that he is not liable for military duty.

## FALSE CERTIFICATE

The use, signing or giving of any such certificate as hereinbefore mentioned shall, if the certificate be in any material respect false or misleading to the knowledge of the person using, signing, or giving the same, be an offence, punishable, upon summary conviction, by a penalty not exceeding five hundred dollars, and by imprisonment for any term not exceeding six months and not less than one month.

ISSUED BY THE MILITARY SERVICE BRANCH  
OF THE DEPARTMENT OF JUSTICE.

Ottawa, May 22, 1918.

## Modern Furnishings - For The Table

There's an artistic refinement about really good cut glass that endears it to the hearts of its owners. As furnishing for the modern table, it is distinctive enough to appeal readily to the discriminating tastes of the most exacting.

The beauty of cut glass that bears the Clover-Leaf mark is supreme. It comes from a combination of two arts, the designer's and the craftsman's. The deft fingers of our master artisans have given with wonderful skill the ideal treatment of our many copyright designs.

Apart from being a mark of merit and superiority, the shimmering light is reflected at just the appropriate points of the design. is a definite goodwill mark. Enthusiastic admirers always look for it when purchasing.

## WINNING PRIZES AT THE FAIR

### Useful Hints on the Selection and Preparing of Exhibits

Vulcan exhibitors are asked to clip out this article as it offers very good hints and advice. Credit for the article is due to Margaret Palmer and the publishers of the Nor-west Farmer.

If you wish to win at the fair, your exhibits must be dainty, attractive and of high quality. Go over the premium list and check off everything that is to be exhibited. These things should then receive the best of care and attention. Do a little experimenting in the cookery. This need not be wasted as the family will enjoy eating some of the "prize" things and passing judgment upon them. Make everything in the cookery line dainty, avoid highly colored frostings and flavorings. The simpler and daintier the food and the more delicately flavored, the better chances it will have for winning a prize. As for an example do not show huge loaves of bread or biscuits, rolls, gems, cookies, dough-nuts, cakes, etc. Make them dainty and small. Never bake two or more loaves of bread in one tin to place on display. Always use a single tin. It is a good plan to arrange the baking day to fall on the day before the fair opens. Bake two of a kind and select the best.

In displaying canned goods as fruit, jellies, jams, pickles, etc., use jars made of white glass and as free as possible from air bubbles. They show up better in white glass. One can readily see this for themselves by experimenting a little with the white and green glass jars. Have the jars clean and neatly labeled. Before labeling, wash and polish, each jar. After the fruit has been packed in the jars, strain the juice through two or three thicknesses of cheese cloth which has been dipped in boiling water. Through this method, there will be very little if any sediment and the fruit will have that clear sparkling appearance which is so desirable. This does not apply to the cold pack method. Jellies should be in half pint glasses free from air bubbles. In entering a collection of fruit, have the jars the same size, color, style and shape. Arrange the larger jars in the collection back of the smaller jars. See that each one is neatly labeled. It is always the clear, neatly labeled jars that attract the judges. I have heard them say, "that jars that were attractive on the outside were invariably the best on the inside."

In selecting vegetables for exhibition, remember that uniformity is important. Do not put large and small or mix varieties to gether but select specimens of the same size (medium), color, shape and variety. It is always a mistake to place overgrown vegetables on display thinking they will win a prize for they will not. They should be shown separately and only as a curiosity. As an example, take potatoes, they should be smooth skinned, shallow eyes and free from scabs or any other blemishes, the same type and variety. The same holds good with beets, carrots, corn, etc. I heard a judge say one time, that girls and women almost invariably would win the prize on potatoes. He attributed it to the fact that when they selected potatoes for a meal, they always choose those which were medium in size, smooth skinned and shallow eyed, as these were the easiest and quickest prepared potatoes. They left the small ones and those which were overgrown. All vegetables should be thoroughly washed and free from dirt. They not only show off the good points but they are more attractive in the display, and they should be shown in clear sacks, packages or good deal even with potatoes.

In exhibiting sewing and fancy work, the work must not only be neat and clean, but the goods upon which the work has been done. Very often an excellent piece of work will lose a prize because it is badly soiled or mused. The work cannot and does not show up to the judge. Even in entering darning, press the darned portion between a damp cloth and then the remainder of the cloth or garment. Buttonholes should be treated in the same way. So bear in mind, to have everything in this line neat and clean and well-pressed.

There is one thing on which all released prisoners are agreed, and that is the necessity of keeping up the supply of boxes from home.

Women will do everything in their power to help the Allies, when they read that the Germans use the females of their own land as a bribe to make captives work. This is a war for women against beasts.

An Indian was asked how he liked soldering. "Not very well" "Why?" "Too much salute—Not enough shoot."

## MRS. McCLUGNS-PLEA FOR A UNITED CANADA

### Differences of Nationality Should Be Overcome by Education.

To read Mrs. McClung's books is not to know her at her best. Her ability lies in her platform speaking where her charm of personality wit and forcefulness will carry an audience with her for as long as she cares to speak. Her address under the auspices of the W.C.T.U. on Friday, June 7th brought keen pleasure to the large audience that gathered from town and country to hear her.

Following no one subject closely, she touched on many themes near to the hearts of all "Next-of-Kin." She is an inimitable story teller and many a homely thought was enlivened by her humor.

She paid tribute first to the energy and success of the W.C.T.U. This society had had the strength to espouse an unpopular cause and had watched it grow into popularity. In warning, however, she said that intemperance is not yet so dead that one can afford to speak pleasantly about it. Unlike the good dog Rover, it is not yet dead all over.

The W.C.T.U. is conducting an aggressive work amongst the foreign settlements. The members are taxing themselves 3 cents a week to maintain workers in foreign districts, workers who live with the teachers, getting in touch with the mothers, seeking to Canadianize them. If there were a larger W.C.T.U. membership more workers might be maintained.

She instanced the critical and diplomatic nature of the work, by the attitude of one old German woman who refused to knit socks for soldiers who were fighting her Fatherland, but who willingly and whole-heartedly rolled bandages for wounded men, because a wounded man was no one's enemy. This, perhaps natural attitude, has to be met and treated, in order that good Canadian women may eventually be made.

Women in giving their sons to the war, had made a big investment in the cause of right. They are willing to send their sons but they want it to be for lasting good. This war should be made the last investment of its kind that women will be called upon to make. And it is up to them to express themselves so forcefully and unitedly that there will be no mistake as to their attitude toward war. The patient inarticulate suffering of women of other ages, was of no avail in the discouragement of war. Jenny Geddes was after all one of the big women of history, because she had a conviction and backed it up, with a stool.

Canada needs Unity more than anything else today. We are a divided people. We are separated by language one-third of our population speak in foreign tongues. There are 40 languages spoken in the streets of Winnipeg. We are separated by distance by the great lakes. The East refers to the West as uncultured, but that is mild to what the West says about the East. We are separated by political differences and here is an opportunity open for women to exert good influence. Unless some of the good fellowship of the trenches is brought back to us we will remain a divided people.

In speaking of national service Mrs. McClung said that much of our patriotism is akin to the charity of the three Southern colonels who in the mellowness of their celebrations decided that they should do some noble deed for some one. Plans were broached and discarded until one said "I have it. Let's give three cheers for the poor" which was instantly done with deep and intense feeling. Much of our patriotism begins and ends with cheers and speech making.

For everyone there is an individual responsibility, some work for which each one is fitted. Then followed the story of the Edmonton woman who, through the appeal of a little Russian girl, found that her patriotic work lay in a little foreign school district up north.

Much emphasis was laid on the duty of the native born to the foreign born. This war will either weld us into a nation or break us into innumerable clans. It is up to those at home to exercise the greatest unifying influence in order that we may become one great people worthy of the good red blood which is of the good red blood which is being shed for us.

The pleasure of the evening's entertainment was greatly increased by a programme of solos and recitations. Those taking part were: Mrs. McKillop, Mr. McKenzie, Mrs. Kinney and Mrs. Miles. Mrs. McIlroy of Calgary, also rendered a concert solo "The Holy City." Miss McConnell was accompanist.

## ENGLISH SHOULD BE ONLY LANGUAGE

The Methodist Conference at Regina on Monday had before it the report of the Social Service Department. It was piloted by Dr. W. W. Andrews, of Regina, and dealt with a number of most urgent and important problems in regard to civic and national affairs. The report is a bulky document and includes questions such as the language question on which the conference expressed its conviction that the only language of instruction should be English as far as the public schools were concerned. It was also suggested that travelling scholarships should be established between the French and English speaking provinces in order that a closer understanding be promoted. The prevalence of profiteering and all forms of gambling was deplored. In regard to rural questions the conference made some suggestions advocating establishment of social centres and recommending the work of the farmers' organization throughout the province.

## "YOU'RE NEXT" AT THE OPERA HOUSE

There was a well filled house last Wednesday evening to see Billy Oswald in the musical comedy "Your'e Next." It was more or less what one expected it to be; Billy Oswald, was sufficient to keep the play rolling merrily along with a good amount of gaiety. Billy is a good natured soul with a natural fund of humor that almost bubbles out of him. If it was not for his accent, which we must accept as natural, it would be hard to believe in his being a Scotchman. The rest of the company was not up to any great standard, either as players, or singers, but they made a good setting for the central figure. The dresses were worthy of note, being much out of the ordinary, both in style and cleanliness. As to the play itself little can be said. It was the usual style of musical comedy with the redeeming feature that it had somewhat of a story in connection and it proved a very fair evening's entertainment.

## RAISING CORN FOR GRAIN IN SOUTHERN ALBERTA A VARIETY THAT WILL RIPEN

To substitute for the bare summer-fallow a field of corn producing from 15 to 25 bushels of shelled corn to the acre is a possibility that is suggested by the tests made at the Dominion Experimental Station at Lethbridge. For the past two years it has been quite clearly demonstrated on the non-irrigated part of the farm that wheat sown or corn stubble will produce on the average just as large a crop as when sown on good summer fallow—being true even in the dry year of 1914. Some of the common sorts were used, being grown for silage or to be cured in the stock and fed dry in the winter. It was always quite immature, the cobs just starting to form. Few farmers could use more than a few acres of this rough kind of feed. The problem was to get a variety that would ripen for the grain. This was found in the Squaw Corn which only grows two or three feet high and the ears, which are very small, come out close to the ground.

For the last seven years careful breeding and selection work has been done with this variety and a limit quantity of seed is now available for distribution from the station. A four pound bag will be furnished free (as far as the supply will permit) to any bona fide farmer in Southern Alberta who will plant a quarter of an acre for trial. Address: Dominion Experimental Station, Lethbridge.

The ears being so small and close to the ground it is scarcely practicable to harvest large acreage of the crop, but either hogs or sheep can be turned in in the fall to fatten. The yields on the station from this variety of corn planted on spring plowed stubble land has been from 16 to 25 bushels per acre shelled corn.

As mentioned above, the yield of wheat the year following is just about as good on the corn stubble as on the summer-fallow. This corn should be planted about May 15th but any time between May 10th and 20th will do.

A western editor brings it to the attention of all men who object to paying the present high prices for smokes that these can be obtained much more cheaply at army canteens provided the purchaser is in khaki.

H. B. Thompson of the Food Board states that it is only bacon known as Wiltshire bacon which is good for export overseas.

## WHY DIFFERENCE IN MEAT PRICES

A special Winnipeg dispatch to the Calgary Herald under date June 5th says:

"The prices paid for meat by consumers in St. Paul are baffling me when compared with the prices demanded from Winnipeg consumers," said Hon. Valentine Winkler, minister of agriculture for Manitoba, in referring to a list of prices taken from ads in St. Paul papers and published in the Free Press.

"To the best of my knowledge," said the minister, "they are paying more for best cattle there than dealers are paying here. I cannot understand why sirloin stake should be about twice as dear here as in St. Paul under such conditions. Somebody should get busy and find out. It seems to me that it is up to the Food Board."

Mr. Winkler was astonished that sliced bacon should sell at 35c per pound in St. Paul and around 60c per pound in Winnipeg for good quality. He declared that, according to his information, hogs were being bought by dealers here for about 17 1/2 cents per pound.

## UNJUSTIFIED STRIKES MAY LOOSE THE WAR

When one considers that Great Britain has about one million men fighting in Africa, a quarter of a million in the Holy Land more at Salonika, and millions on the Western front in France, it illustrates more than anything else, the wonderful work being performed by the people of that country. Hats off to good Old Britain.

## NEWS ODDS AND ENDS

Is the prestige of Col. Blondin's name at the head of the post office worth \$7,000 to Canada? Would a working minister not be more valuable?

How Germany will rejoice at the stories of strikes in Western Canada. Given such a basis of truth, they will be turned into rebellions and food riots when they reach Germany. Do the strikers think of these things?

In 1898 gasoline sold for 6 cents a gallon. The first four-cylinder car was brought out in 1900. The first transcontinental run took place in 1903. In 1896 there were four automobiles in the United States.

Norway, by permitting Germans to sell in that country, furniture stolen from France and Belgium is showing a lack of decency and courage not expected of her.

Hon. Duncan Marshall has gone down to the Eastern Provinces to attend a stock sale and exhibition during the summer.

H. M. Shaw, M. P., returned to Nanton from Ottawa on Friday last.

President Wilson telegraphed to the American Federation of Labor and the Alliance of Labor and Democracy, now in session in St. Paul, urging renewed efforts of labor in support of the war.

"The war can be lost in America as well as in fields of France and ill considered or unjustified interruptions of the essential labor of the country may make it impossible to win it," said the president's telegram to Robert Maisel, of the American alliance for labor and democracy.

## SUFFICIENT SUGAR FOR CANNING

Housekeepers who are anxious about their preserves for next winter may take comfort. The Food Board announces that there will be sufficient sugar in the country for the preserving and canning season and that the maximum fruit and vegetable crops that can be produced in this country will be taken care of, so far as the sugar supply is concerned. To make sure of this, however, strict conservation will be necessary in the meantime.

## CAN'T FIND ANY SUBMARINE BASE

A methodical survey of the entire Atlantic coast from the Mexican line to Halifax has failed to bring to light any evidence that German submarines have employed a shore base or had touched with the shore at any point, Secretary of the Navy Daniels said. This was taken as an official denial of reports that strange signals had been seen at night from remote sections of the coast.

## THE QUESTIONS FOR JUNE REGISTRATION

The following is a list of questions to be asked when the registration of man-power is made in June:

To be Answered by Males:

1. Name.
2. Address in full.
3. Age.
4. Date of birth.
5. Country of birth.
6. British subject (by birth or by naturalization.)
7. If naturalized, (when and where)
8. Single, married, widower, or divorced.
9. Physical disability, if any.
10. Present occupation, regular occupation. What other kind of work can you do?
11. If an employee, state employer's name, address and nature of business.
12. Do your circumstances permit you to serve in the present national crisis by changing your present occupation to some other, for which you are qualified, if the conditions offered are satisfactory?
13. Were you brought up on a farm? Are you a retired farmer? Are you willing to do farm work? Can you handle horses? Drive tractors? Use farm machinery?
14. If not a British subject, to what country do you owe allegiance?
15. How many children under sixteen years?
16. If registered under the Military Service Act, what is your serial number?

To be Answered by Females:

1. Name in full.
2. Address in full.
3. Age.
4. Race.
5. Can you speak English or French?

6. British subject (by birth, naturalization, marriage.)

7. Are you single, married, widow, or divorced?

8. How many children under sixteen?

9. Do your health and home ties permit you, if required, to full time, paid work (registrants answering "No" to this question need give no further information, those answering "Yes" or in doubt should fill in the rest of the card, or must sign affirmation.

10. Do your circumstances permit you to live away from home?

11. What is your present main occupation? If in business as employer state number of employees. If an employee, state name, business and address of employer. If full time voluntary worker state name of society serving.

12. State particulars of each if you have trade or profession, degree, diploma or certificate. Special training.

13. State length of experience, if any, in general farming, poultry farming or dairy farming.

14. Can you drive a tractor, drive a motor, drive a horse, harness a horse, do farm cooking.

15. Indicate any qualifications or practical experience which you possess not already recorded.

16. Do your circumstances permit you to give regular full time service without remuneration.

## VOLUNTARY RATIONING SYSTEM INTRODUCED

At a meeting in Toronto Mr. H. B. Thomson, Chairman of the Canada Food Board, said that a voluntary ration system would be introduced in Canada, a committee in each Province settling the scale of rationing.

**FARMERS NEED NOT WORRY RE RESTRICTIONS**

Are Permitted to hold Flour.  
In Excess of Stipulated  
Amount

Farmers may be reassured that there is no intention on the part of the authorities to inconvenience them unduly in their busy season with unnecessary restrictions and regulations as regards the hoarding of foodstuffs.

An order of the Canada Food Board recently made it illegal for people to have more than 15 days supply of flour, made wholly or in part from wheat, on hand at any one time. For people living at a greater distance than two miles and not less than five miles from dealers licensed by the Canada Food Board, sufficient for their ordinary requirements up to 30 days only was allowed and for persons living 10 miles or more 120 days supply.

Further it was required that any such surplus holdings should forthwith be returned to the miller or dealer from whom they were purchased, at the purchase price or at the market price, whichever were the lower.

This order was designed primarily to remedy a state of things in the towns and cities, as it was commonly reported that some people had laid in undue quantities of flour in view of the world's scarcity, selfishly thinking that they would be sure of a nominal supply for the next year or so whether the people in Europe starved or not.

In the case of farmers, however, it is pointed out that it was their custom in many cases to take wheat to the mill and get several months supply ground on one occasion so as to save frequent trips and waste of time. To require that such farmer return all surplus flour to the mill and then come back every couple of weeks, or like short intervals, for supplies of their own flour, would seriously interfere with farm work, occasioning unnecessary traveling and the waste of days precious, especially at seeding and harvest time, to the cause of production, a cause more important, even, than that of conservation.

Bona fide farmers are now permitted to hold flour in excess of the amounts provided for other people. An Order-in-Council passed on May 17th makes this express provision:—

"A bona fide farmer shall be permitted to hold, subject to the order of the Canada Food Board, the amount of flour, made wholly or in part from wheat, he may have in his possession in excess of the amount prescribed by Order No. 31 if, on or before the 15th day of June, 1918, he reports to the miller or dealer, from whom it was purchased or by whom it was manufactured, the excess amount held by him."

When these reports are received it is the duty of the miller or dealer to pass them on to the Canada Food Board and thus it will be known by the authorities what the supply of flour in the country is and where it is. Further this order provides that in cases where a farmer or any other person has in his possession one partly used barrel or package he shall not be required to return his surplus requirements nor shall he be required to return amounts of less than 25 lbs. Thus it is seen that the intention of the Order is entirely reasonable and will not work hardship or inconvenience unnecessarily.

**LABOR FOR THE HARVEST**

Mr. J. D. McGregor, Director of Labor, Canada Food Board, says that the seeding of the West has been managed very well by the co-operation of the men in the towns and cities of the boys enlisted in the Soldiers of the Soil, and by man secured from the United States.

"I have the assurance of the Government," said Mr. McGregor, "that measures will be adopted to assure you the necessary supply of labor for harvesting the crop. The Anti-Loafing Law has worked wonders and idle foreigners and sports have disappeared from the streets of the West. They are at work on the Farm."

**ARRANGEMENTS WITH THE UNITED STATES**

Honorable G. C. Robertson, Labour Representative, in the "Government," stated in the House of Commons that an arrangement had been completed by the United States Department of Labor and the Canadian Department of Immigration and Colonization for the interchange of farm laborers. Several thousand have already entered the Canadian West under this arrangement.

**The Value of Experience**

Is in its dependability. The better a job is done the more experience there is behind it. Particularly does this apply to the realm of Printing, which is like a country with a constant stream of new ideas; like emigrants flocking to it. They must all be used and assimilated into the work and made to produce. When you place an order for printing what do you get?

**Just Paper and Ink, or  
Paper and Ink *plus* Experience**

**THE PRINTER'S POWER**

PRINTING has not yet come to its own. It is young yet, and it is democratic. It has yet to make its great record. Sweeping into its grasp are the arts of the artist, the photographer, the designer, the colorist, the paper-maker, the engraver and the book binder, and laying tribute on all the other arts, it is most directly influential in moulding the thought of a nation. *Henry Turner Bailey*

**The Advocate Experience**

Is used with every job turned out, and the result is that we have hundreds of customers that are satisfied, and if they were not they would get their work done elsewhere, as men are not placing orders as a matter of charity these days. They demand the best for the keenest price, and they place their order where that demand can be fulfilled. That is why the **Advocate** does the work.

If you have work let us give you an estimate, and no matter what the work is; we will do it and we will do it well.

**The Advocate Printing Press**

Signature of Registrar					

**Procedure of Registration**

On June 22nd every person residing in Canada, male or female, British or alien, of sixteen years or over, must attend one of the registration booths located in his or her district, and there observe the procedure explained below.

**Where to Register**

Every person required to register has the privilege of registering at any of the public places provided for that purpose. The location of all such places will be specified in proclamations posted conspicuously.

The card shown in the illustration is a facsimile of the registration card for males. An advertisement showing the card for females appears in another paper.

Study the questions carefully so that you will be able to answer them promptly when registering. If you have any special qualification, or feel that your services would be more beneficial to the country in some other line of work, say so.

While all are compelled to register on Registration Day, it is not contemplated by the Government to force the sick, feeble and aged to turn out. If such persons will notify the Registrar prior to June 22nd of their inability to attend at a place of registration, an effort will be made to register them at home, provided the request is reasonable and justified.

Remember the Day—June 22nd—Remember the Hours—7 a.m. to 10 p.m. Register early and get your Certificate for your own protection.

24M Issued by authority of Canada Registration Board

## BATTING AVERAGE OF VULCAN TEAM

The following is the batting average of the Vulcan baseball club to Saturday, June 8th.

	G.	A.B.	H.	Perct.
Godfrey	5	21	11	523
Gray	6	22	11	500
Duckett	5	21	11	428
Brown	5	19	8	421
Eapp	6	25	9	360
Gibson	5	18	6	333
Buckley	5	25	8	320
Isham	1	4	1	250
Shroeder	2	8	1	125
Cain	6	26	3	115

## WEEK-END HEAT WAVE

Vulcan had its share of the heat wave on Sunday, the hottest day of the year. The heat in town was 90 in the shade.

The hot weather was looked for by the farmers but they got rather more than they bargained for as the heat was accompanied by a hot south-west wind. Although the heat on Monday was not so great as on the preceding day, the wind continued unabated and did no good to the crops, some of which show the effect of the wind.

The Winnipeg Telegram suffered a heavy loss by fire on Saturday and will have to suspend publication for three weeks.

## RESTRICT EXPORTATION CERTAIN HIDES, SKINS

Exportation of certain hides and skins, except under license issued by the commissioner of customs at the request of the War Trade Board, has been prohibited by the terms of an order in council passed recently. The commodities are calf skins of Canadian or foreign origin, kips of Canadian or foreign origin, hides—cattle, buffalo and horses, when of Canadian or foreign origin. This action has been taken in order to conserve the Canadian supply for home consumption. When the supply has been met it is the intention of the War Trade Board to grant licenses for exportation.

## NO CANCELLATION OF FRUIT ORDER

There is no foundation for the rumors being circulated in Western Canada that the order in council restricting the importation of certain fruit and vegetables has been cancelled. It was stated by the War Trade Board this week. A revision of the first order was made recently through which the embargo was raised on certain fruits and vegetables considered necessary for Canadian consumption. The importation of 25 kinds of fruit and vegetables are restricted at the present time.

The request of the attorney general of Manitoba to Hon. C. W. Cross to have Alberta join with Manitoba in an appeal to the privy council on the divorce question has been acquired by the Alberta attorney general's department, and the question will be taken up immediately. The point at issue is as to whether the provincial legislatures have the power to formulate divorce courts.

**TO RENT**—One furnished room, lady. Apply Advocate office. 46-3p.

**LOST**—On Sunday, June 9th, near section 25, between tp. 17 and 18, 1 black alligator skin grip, locked. Address on handle. Reward on returning same to Arthur Mitchell & Co. Vulcan. 46-3c.

**ESTRAY**—At J. H. McFarland's farm, 1 two-year old heifer, red branded on left rib. J. H. McFarland, Vulcan. 46-3p.

## CAN YOU DO BREAKING

If you are in a position to do breaking get in touch with Mr. Qually, who has, as stated above, been sent here by the Government to tell you of those who have breaking for you to do.

## DO YOU WANT BREAKING DONE

If you want your land broken and can not make your own arrangements kindly notify A. E. Qually, Board of Trade Building, who has been appointed by the Provincial Government to bring together those who have engines or horses and can contract for breaking with those who have breaking to let in the following territory: Little Bow, Taber, Warner and Lethbridge.

**BOARD OF TRADE BUILDING**  
41-8 Lethbridge, Phone 1600

## NOTICE TO RATEPAYERS OF THE MUNICIPAL DISTRICT OF MARQUEL, 157

All ratepayers holding such scrapers, plows or other equipment belonging to the Municipality will kindly notify the secretary at once. Proportion will follow non-compliance with the order. R. E. House, Secretary. Treasurer. 43-4.

## NOTICE

Notice is hereby given that James Leeder McCutcheon and William Harvey McCutcheon of Vulcan, in the Province of Alberta, intend to apply for a license to operate a pool room at Vulcan Street, Vulcan, Alberta. The application has been approved by W. E. Butchart.

James L. McCutcheon,  
William H. McCutcheon,  
45-22 Applicant.

**SYNOPSIS OF CANADIAN  
NORTHWEST LAND  
REGULATIONS**

THE sole head of a family, or any male over 18 years old, who was at the commencement of the present war and has since continued to be a British subject or a subject of an allied or neutral country, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at Dominion Lands Agency or Sub-Agency for District. Entry by proxy may be made on certain conditions. Duties—Six months residence and cultivation of land in each of three years.

In certain districts a homesteader may secure an adjoining quarter section as pre-emption. Price \$3.00 per acre. Duties—Reside six months in each of three years after earning homestead patent and cultivate 60 acres extra. May obtain pre-emption patent as soon as homestead patent on certain conditions.

A settler after obtaining homestead patent, if he cannot secure a pre-emption, may take a purchased homestead in certain districts. Price \$3.00 per acre. Must reside six months in each of three years, cultivate 50 acres and erect a house worth \$300.00.

Holders of entries may count time of employment as farm labourer in Canada during 1918 as residence duties under certain conditions.

When Dominion Lands are advertised or posted for entry, returned soldiers who have served overseas and have been honorably discharged, receive one day priority in applying for entry at local Agents Office (but not Sub-Agency.) Discharge papers must be presented.

W. W. CORY, C. M. G.  
Deputy of the Minister of the Interior

I can cheerfully recommend the Fireman's Fund Insurance Company handled by the C. B. Shimp Land Co- as my loss of \$300.00 has already been allowed.

"Signed"

**GRANT MURPHY**

## ROUND-UP OF STRAY HORSES ALONG THE BOW

The Provincial Department of Agriculture, in conjunction with the Provincial Police and local ranchers, has taken up a large number of stray horses. They are being held at the Circle Ranch, twenty-five miles south of Gleichen. A detailed description of same will appear in the Alberta Gazette of June 15th and 30th, 1918.

Owners can recover their animals by submitting to man in charge, declaration of ownership, and by paying the following charges per head:

Gathering	\$1.00
Brand Reading	50c
Advertising	\$2.00
Keep per day	25c

Beginning June 3rd, 1918

**W. F. STEVENS**

Live Stock Commissioner  
Dept. of Agriculture, Edmonton
